

## **AUREUS CHARTER v1.1**

Constitution of the Digital Republic

For a Free and Independent Future... For a Better World.

## **Preamble**

Aureus was founded on a simple belief: A free multicultural community can collectively own, govern and grow an ecosystem that benefits its members while creating a positive impact beyond the blockchain.

## **Article I – The Digital Republic**

Aureus is a Digital Republic. A community-owned ecosystem governed by its citizens.

## **Article II – Purpose**

To demonstrate that a free multicultural community can own, govern and grow a beneficial ecosystem while creating positive impact for future generations.

## **Article III – Core Values**

Freedom, Honesty, Respect and Independence.

## **Article IV – Citizenship**

Citizenship is reserved for verified holders. Citizens may participate in governance, submit proposals and vote on community matters.

## **Article V – Community Sovereignty**

The holders are the ultimate authority of the Republic.

## **Article VI – Governance**

One Verified Citizen = One Vote.

## **Article VII – The Founding Team**

The founding team serves the Republic through building, execution, protection and organization.

## **Article VIII – Treasury**

The Republic Treasury exists to strengthen Aureus through development, infrastructure, ecosystem growth and long-term sustainability.

## **Article IX – Tokenomics**

Total Supply: 100,000,000,000 AURX

85% Community & Ecosystem

15% Republic Treasury

Treasury funds may support founding activities, development, contributors, ambassadors, strategic partnerships, infrastructure and ecosystem expansion.

## **Article X – Deflationary Model**

Burn events may occur every two years and are subject to governance approval.

## **Article XI – Social Impact**

Aureus may support charitable, educational and humanitarian initiatives approved by its citizens.

## **Article XII – Legacy Holders**

Long-term contributors may be recognized through community recognition programs.

## **Article XIII – Definition of Failure**

Aureus fails only when its holders cease to be the true owners of the ecosystem.

## **Final Declaration**

Aureus exists to prove that a free multicultural community can govern itself, build together and create lasting value for future generations.
